

TLILIC2005 (OVER 11M) AND RIIHAN301D (UNDER 11M) COMBO - COURSE SUMMARY

Please refer to the full course information brochure found on our website for further information about this course. This flyer contains a flow chart (see below) for easy presentation of important information about your course.

Successful completion of this course will result in a Statement of Attainment (and where offered a “Yellow Card”) for operation of a EWP (under 11m – both Boom Type and Scissor Lift) AND a High Risk Work Licence for operating a boom type Elevating Work Platform (over 11m)

SUITABILITY

This course is suitable for all participants from those who have no experience to experienced operators.

LANGUAGE LITERACY AND NUMERACY REQUIREMENTS

Learners must have a basic understanding of English. For example, learners must be able to read and understand what is being said and reply to questions verbally in English. Please refer to “Important Language Literacy and Numeracy Requirement information” found on our website or contact us for further information

ATTENDANCE REQUIREMENTS

2 days training attendance then (up to) 1 day for assessment. Your Worksafe QLD Assessment will be booked for Day 3 of your training unless specifically requested otherwise (Subject to availability).

COURSE DURATION

- Your course starts when you book!
- The overall course duration will depend on your previous skills and knowledge (both relating to EWP’s and other skills and knowledge), your Language Literacy and Numeracy skill level, and how quickly you learn.
- Your course may take anywhere up to 40 hours – this includes pre-attendance study (up to 8 hours), attendance (16 hours), post training attendance study (up to 8 hours) and then assessment (up to 8 hours).

TRAINING AND ASSESSMENT INFORMATION:

Your training includes both theory and practical components. There is some assessment during the training component and then a Final Assessment (Worksafe QLD Assessment).

- **During the 2 days training attendance** - You will be assessed throughout and at the end of the training component of the course to determine if you are ready for Final Assessment (Worksafe QLD Assessment). At the end of Day 1 (if you meet course requirements) you will have attained your EWPA Yellow Card (or the competency required for under 11m). You will need to meet all training requirements (on both days) in order to proceed to Final Assessment (for the HRW component – over 11m)

If you are not “Ready for Assessment” then your trainer will detail how you can become ready for assessment. “Ready for Assessment” means that with further study and revision of your learning you have a great chance of completing your assessment and attaining your licence.

Final Assessment – Your Worksafe QLD assessment will be booked for Day 3 of your training unless you DO NOT receive a ‘Readiness’ or specifically requested otherwise (Subject to availability).

Assessments have theory, calculation and practical components and are conducted on a regular schedule (subject to availability). Assessment may take up to a full day depending on how many people are being assessed on the day, and how well and quickly you complete your Theory Assessment. Assessment bookings are subject to availability and a minimum wait time applies to allow you to study for your Final Assessment.
